ADULT DAY CENTER

10 Cudworth Rd.
Webster, MA 01570
508-949-3598
accorddaycenter.com
Mon.-Sat. 8:00-4:00

Providing professional and compassionate Adult Day Health Services to our clients and their caregivers.

Models of Care

The **Social Model** is community based group programs designed to meet the needs of functionally and/or cognitively impaired adults through an individual plan of care while providing a variety of social and other related support services in a protective environment.

The **Medical Model** incorporates all the features of the Social Model but adds a wide range of health related services on-site.

Mission Statement

Accord Adult Day Health offers those responsible for the care of a frail family member or friend with peace of mind: It assures that loved ones are safe, comfortable, socializing and well taken care of while allowing caregivers time to work, shop, or just enjoy a few hours of rest.

“How do I say thank you enough for the excellent care you provided my father—the circumstances were very trying at times I know. I also know you and your staff went way beyond the call of duty. Again, thank you!”

We have all the pieces!

“Having recently utilized the services offered by Accord for a family member, we can only offer thanks and positive recommendations for their services.”

**Family Owned and Operated
State-of-the-Art Adult Day
Center Offering Your Family
Peace of Mind!**
